Niche & Brand Resonance

This document structures a high-conversion alignment model between the content ecosystem of **Shub** and the promotional goals of **boAt**. By blending organic contextual integration with targeted consumer focus, we ensure campaign success.

Strategic Alignment: boAt & The Gaming Audience

Shub's authority in the Gaming space is heavily reinforced by recent high-performing videos covering topics like "How Many Can I Save? | Directive 8020 (2/2)" and "HORROR GAMING NIGHT | Directive 8020 (1/2)". This active interest perfectly mirrors boAt's core value proposition and product advantages. Consequently, their highly engaged viewer base represents an ideal cohort for immediate conversion.

Critical Campaign Synergies

- **Audience Geo Reach:** Primarily targeting users in **India**, capturing highly responsive local cohorts.
- **Native Delivery Focus:** Utilizing a tailored **30-second shoutout** placement format to maximize viewer retention without breaking editorial flow.
- **High-Trust Recommendation:** Leverage creator trust to present product advantages seamlessly, turning passive viewers into brand advocates.

Campaign ROI Projections

The pricing model for this sponsorship placement is built directly upon empirical performance metrics. Below is the transparent breakdown of expected reach and value delivery.

PRICING DIMENSION	CALIBRATED VALUE & MULTIPLIERS
Creator Performance Tier	Rising — 300,001 – 600,000 subs (Midpoint Base: ₹1,40,000)
Content Niche Weight	Gaming — 1x
Engagement Signal Weight	11.95% View Rate — 1x
Audience Geo Reach Weight	India — 1x
Integration Format Weight	30-second shoutout — 0.7x
Final Calibrated Valuation	₹98,000 INR

Sponsorship Package Options

Package Tier	Deliverables Included	Suggested Pricing
Starter	30-second brand shoutout	₹54,000 INR
Standard	60-second dedicated integration (Recommended) (Recommended)	₹98,000 INR
Premium	Dedicated video + Community post	₹1,76,500 INR
Monthly	Monthly Retainer Estimate (4 videos/month)	₹3,92,000 INR

*Packages are customized based on current platform engagement and average reach projections.

This valuation is calculated using SponsorScout's tiered rate engine, not AdSense CPM data. It reflects actual brand-to-creator transaction benchmarks from the Indian influencer market in 2026, adjusted for niche commercial value, audience engagement depth, and geographic reach. All figures represent fair market value for a direct brand deal — they do not account for platform agency fees or exclusivity premiums.

Creator Negotiation Playbook

Use this playbook to protect your margins and negotiate effectively with **boAt**. Having pre-calculated floors and up-sell multipliers ensures you never underprice your worth.

YOUR ABSOLUTE FLOOR PRICE (WALK-AWAY RATE)

₹68,500 INR

This is 70% of your recommended valuation. Do not accept anything below this for the standard deliverables unless the brand reduces usage rights, length of integration, or exclusivity duration.

Script: "We would love to collaborate with boAt, but to maintain our production quality and audience alignment, we cannot go below ₹68,500 for this specific integration format."

RECOMMENDED OPENING OFFER

₹98,000 INR

Start discussions at your full calibrated value. This anchors the conversation at a premium, data-justified point, leaving room to compromise down to your target.

UP-SELL & LICENSING ADD-ONS

Never give away extras for free. If the sponsor requests exclusivity or usage licensing, charge these standard industry multipliers:

- **Product Exclusivity (30 Days):** Add **₹1,22,500 INR** (+125% of base rate) to block competitors.
- **Paid Usage Rights (30 Days):** Add **₹19,500 INR** (+20% of base rate) for running your content as ads.
- **Link in Bio Extension:** Charge a flat weekly renewal fee to keep their tracking link active.

NEGOTIATION RED FLAGS & WARNINGS

- **Affiliate-Only Models:** Reject "pure affiliate" offers unless there is a guaranteed base fee covering production time.
- **Uncapped Usage Rights:** Never sign over perpetual/unlimited advertising rights without recurring licensing payments.
- **Vague Deliverables:** Ensure exact integration lengths, script approvals, and payment timelines are written into the contract.

Ready-To-Send Pitch Email

Copy this pre-written pitch email. It incorporates your performance metrics and Groq-calibrated alignment logic, maximizing your chances of getting a response from the marketing lead.

Subject:

Collaboration: Shub x boAt (38,973 avg. views / ₹98,000 placement)

Hi Team,

I've been following **boAt** and love the work you are doing in the space. I'm **Shub**, and I create high-engagement content focused on **Gaming**.

Shub's authority in the Gaming space is heavily reinforced by recent high-performing videos covering topics like "How Many Can I Save? | Directive 8020 (2/2)" and "HORROR GAMING NIGHT | Directive 8020 (1/2)". This active interest perfectly mirrors boAt's core value proposition and product advantages. Consequently, their highly engaged viewer base represents an ideal cohort for immediate conversion.

Based on my audience's interest in content like my recent post "**How Many Can I Save? | Directive 8020 (2/2)**", I believe a partnership would drive significant resonance.

Here's what I propose for a potential initial collaboration format:

- **Deliverable:** 60-second dedicated integration (Recommended)
- **Audience Geo Focus:** India
- **Avg. Views:** 38,973 views per video (11.95% Average View Rate)

I have attached my full verified SponsorScout Media Kit for your reference. Let me know if you would be open to a quick chat next week to discuss dates and details.

Best regards,
Shub
