Niche & Brand Resonance

This document structures a high-conversion alignment model between the content ecosystem of **BeastBoyShub** and the promotional goals of **EvoFox**. By blending organic contextual integration with targeted consumer focus, we ensure campaign success.

Strategic Alignment: EvoFox & The Gaming Audience

BeastBoyShub's authority in the Gaming space is heavily reinforced by recent high-performing videos covering topics like "A VERY COZY KIOSK SHOP SIMULATOR" and "THIS WHOLE GAME IS JUST A SCAM (ROBLOX) - 99 DAYS IN THE FOREST". This active interest perfectly mirrors EvoFox's core value proposition and product advantages. Consequently, their highly engaged, pre-qualified viewer base represents an ideal cohort primed for immediate conversion.

Critical Campaign Synergies

- **Audience Geo Reach:** Primarily targeting users in **Tier 3 India/Asia**, capturing highly responsive local cohorts.
- **Native Delivery Focus:** Utilizing a tailored **60-sec shoutout** placement format to maximize viewer retention without breaking editorial flow.
- **High-Trust Recommendation:** Leverage creator trust to present product advantages seamlessly, turning passive viewers into brand advocates.

Campaign ROI Projections

The pricing model for this sponsorship placement is built directly upon empirical performance metrics. Below is the transparent breakdown of expected reach and value delivery.

Metric Dimension	Calibrated Baseline Value
Expected Reach (Average Views)	5,10,213 views per video
Dynamic Niche CPM (INR)	₹100 (Gaming)
Audience Location Multiplier	1x multiplier (Tier 3 India/Asia)
Integration Format Multiplier	1x multiplier (60-sec shoutout)
Effective Combined CPM	₹100 per 1,000 views
Final Calibrated Valuation	₹51,021 INR

Placement Valuation Formula:

Valuation = (Average Views * Effective CPM) / 1,000
